

## ESG specialists (London or remote)

We are seeking applications from Environmental Social and Governance (ESG) specialists with a demonstrable track record in the ESG space to support the development of our ESG practice. We are particularly interested in speaking with individuals with a track record of client management, who advise clients in understanding, assessing, and implementing ESG risk management measures such as due diligence, risk assessments and roadmaps.

As an ESG specialist, you will advise clients on international standards, regulations and best practice. You will have a strong knowledge and a grasp of ESG requirements in supply chains, human rights, sustainability, and the environment. You may have also assisted clients with their non-financial reporting to investors and stakeholders. You will be able to demonstrate a genuine passion for ESG issues and will have a strong grasp of current ESG frameworks, standards and applicable laws and regulations. You will follow local and international ESG-related policy developments closely and will be able to advise corporate clients on ESG strategies, formulating effective, practical solutions to mitigate risks and maximise opportunities.

Aperio Intelligence is an equal opportunities employer. Our values of integrity, diversity and inclusion, innovation, excellence and development are integral to our culture and our people. We welcome applications from diverse experiences, backgrounds and industries and are looking for dynamic applicants who thrive in a fast-paced entrepreneurial environment. You will be highly adaptable, have exceptional interpersonal skills and hands-on experience in managing and developing people.

You will have:

- Excellent written and verbal and English. Proficiency in other languages is desirable but not essential.
- The ability to demonstrate substantial interest and/or experience in the ESG field. Experience in the corporate intelligence and investigations industry is also welcome.
- Client management experience in developing and building relationships, and servicing clients
- Demonstrable commercial knowledge and an established network of contacts in the ESG field
- Ability to develop business and identify potential opportunities
- Clear insight into the ESG market and/or specific regional expertise in ESG
- Excellent communication skills including report and proposal writing, editorial and presentation skills
- Goal-orientated with a focus on deliverables and the ability to work independently remotely
- Strong interpersonal skills in managing, motivating, and collaborating with stakeholders to manage projects, tasks and business/strategic goals to successful completion
- The ability to adapt, overcome obstacles and think creatively
- Good problem-solving, delegation and multi-tasking skills
- An attention to detail and high-quality standards
- Effective planning, organisational and resource-management skills
- Excellent time management skills and ability to manage and deliver effectively under tight deadlines
- MS Office proficiency
- The highest integrity and ethics

We are open to applicants who want to work remotely or based in our London office. You may be required to travel from time-to-time. Aperio Intelligence offers a highly competitive package.

To apply for this role, please email a copy of your curriculum vitae and a covering letter setting out why you are suitable and your motivations to [recruitment@aperio-intelligence.com](mailto:recruitment@aperio-intelligence.com)

### **About Aperio Intelligence**

Aperio Intelligence is an independent corporate intelligence and financial crime advisory firm based in London with offices in Paris and Romania. Founded in 2014, we are a fast-growing and dynamic team providing specialist due diligence, research and investigation services to support our clients in managing complex risks in challenging jurisdictions. Our clients include major banks and financial institutions, large multinationals, law firms and energy and healthcare companies. We provide significant value to our clients by helping them understand potential risks to enable them to make informed decisions, particularly in relation to countries where the environment is opaque. Our multidisciplinary and multilingual team has significant expertise in identifying financial crime and reputational risks and we produce thought leadership on the issue through our monthly publication, the Financial Crime Digest.
